

tenderwell

Smart Project Acquisition Tools

Tenderwell Introduction

Tenderwell harnesses your internal data to streamline your acquisition process. It helps manage your leads, your candidates, your current and past proposals, your project awards, as well as other organizations' references. Tenderwell makes all these processes easy and efficient, allowing you to store, track and manage:

- Leads
- Organizations
- Experts
- Job board
- Proposals
- Contracts
- Awards

Tenderwell contains emailing and statistical modules, adding further efficiency to your working processes and management.

Leads

- Centrally store your leads, making them fully searchable.
- Work on a lead in an organized team, or get notified about its progress.
- Indicate who to partner with and who your competitors are.
- Add good candidates for the lead.

Organizations

- Track suppliers, partners, leaders and competitors.
- Track the people working in these organizations.
- Track your success working or competing with these firms.

The screenshot shows the 'Organizations' page in the tenderwell application. The left sidebar contains navigation links: Leads, Organizations (active), Add organization, Project managers, Experts, Job board, Proposals, Contracts, Awards, Agenda, Notifications, Emailer, Statistics, Users, and Settings. The main content area has a 'FILTER' panel with the following sections:

- Keywords:** Free text search bar with 'Search in' and 'How to search' options.
- Organization Name:** Text input field with placeholder 'Type here organization name'.
- Country:** Dropdown menu with 'Click to choose'.
- Countries of expertise:** Dropdown menu with 'Click to choose'.
- Sectors:** Dropdown menu with 'Click to choose'.
- Organization type:** Dropdown menu with 'Click to choose'.
- Priority:** Dropdown menu with 'Click to choose'.
- Responsible:** Dropdown menu with 'Click to choose'.
- Recruitment Status:** Dropdown menu with 'Click to choose'.
- Last contacted range:** Date range selector with 'dd/MM/yyyy' format.
- Created range:** Date range selector with 'dd/MM/yyyy' format.

Buttons at the bottom of the filter panel include 'Reset', 'Hide advanced filter', and 'Search'. Below the filter panel, it shows '2395 results' and a table with columns: Source, Name, Country, Recruitment Status, Last Comment, Created, Last contacted, No. of leads, and Actions. The table contains 7 rows of data.

Experts

- Centrally store all your candidate data, making it full text searchable.
- See for which leads communication took place with a candidate.
- Allow candidates to update CVs themselves.
- Post comments about potential cooperation or interactions.

The screenshot displays the 'Experts' management page in the tenderwell application. The interface includes a sidebar with navigation options like Leads, Organizations, Experts, Job board, Proposals, Contracts, Awards, Agenda, Notifications, Emailer, Statistics, Users, and Settings. The main content area features a 'FILTER' section with various search criteria: Keywords, Expert name, Sectors, Countries of experience, Proposal writer, Preferred countries/regions, Fees per day, LinkedIn, Citizenship, Minimum degree, Funding agencies experience, Blacklist status, Country of residence, Legal entity to be contracted, Birth date range, Languages, Gender, Years of experience, Visibility, Preferred length of assignment, Last update of profile range, and Availability range. Below the filters, it shows '170567 results' and a table with columns for Source, Name, Email, Cvs, and Actions. The table lists several experts, including Jean-Francois Bouchard and others, with their respective email addresses and CVs.

Job board

- Provides a customizable interface for candidates to apply for your positions.
- Fully integrated with Tenderwell's databases, so you never miss an application.

Jobs

- Have a centralized management panel for all your vacancies.
- Post a job on your own job board or share it on DevelopmentAid with one click.

The screenshot shows the 'Jobs' management interface in the tenderwell system. The interface is divided into a sidebar and a main content area. The sidebar contains navigation links for Leads, Organizations, Experts, Job board, Add job, Registered profiles, Received applications, Proposals, Contracts, Awards, Agenda, Notifications, Emailer, Statistics, Users, and Settings. The main content area has a 'Jobs' header and a 'Filter' section. The 'Filter' section includes various search criteria: Keywords, Opportunity type, Languages, Posted on DevelopmentAid, Organization, Status, Location, Highlighted, Department, Posted on job board, Lead, and Hiring Managers. Below the filter section, there is a table displaying 6849 results. The table columns are: Title, Deadline, Starting date, Posted at, Min experience, Opportunity type, Organization, Department, Documents, Status, and Actions. The table shows a list of job postings with their respective details.

Proposals

- Centrally store your proposals, making them full text searchable.
- See which colleagues coordinated and contributed to proposals.
- See which candidate contributed to which proposal.
- Select proposals by country, sector, award status and/or a range of other criteria.

The screenshot displays the 'tenderwell' web application interface. On the left is a dark sidebar with a menu containing: Leads, Organizations, Experts, Job board, Proposals (highlighted), Add proposal, Contracts, Awards, Agenda, Notifications, Emailer, Statistics, Users, and Settings. The main content area is titled 'Proposals' and includes a breadcrumb 'Home / Proposals' and a '+ Add proposal' button. Below this is a 'FILTER' section with various search criteria: Keywords (Free text search), Sectors (Click to choose), Client (Click to choose), Proposal status (Click to choose), Countries (Click to choose), Financing agencies (Click to choose), Proposal type (Click to choose), Language (Click to choose), Authors (Click to choose), and Creation date range (dd/MM/yyyy). A 'Reset' button and a 'Hide advanced filter' toggle are also present. Below the filters, it shows '306 results'. The results are displayed in a table with columns: Title, Creation date, and Actions. The first two results are for 'Request for Public Service Reform - Human Resource Management Best Practices for the Government of Southern Sudan (single bid)'. The first result has a creation date of 29/11/2010 and a status of 'Awarded'. The second result has a creation date of 29/11/2010 and a status of 'Unknown'. The third result is 'Strengthening Prison Service Operational, Financial and Human Resource Management (single bid)' with a creation date of 11/11/2010 and a status of 'No status'. Each result row includes details for Donors (No donors), Countries (South Sudan), Authors (No authors), and Documents (links to proposal and technical proposal PDFs).

Contracts

- Keep a central repository on project managers in partner firms, as well as on your success in working with them.

The screenshot shows the 'Contracts' page in the tenderwell application. The left sidebar contains navigation links: Leads, Organizations, Experts, Job board, Proposals, Contracts (active), Add contract, Awards, Agenda, Notifications, Emailer, Statistics, Users, and Settings. The main content area has a 'Contracts' header with a '+ Add contract' button. Below is a 'FILTER' section with various search criteria: Keywords (Free text ...), Creation date range (dd/MM/yyyy), Expert (Click to choose), Lead (Click to choose), Financing agencies (Click to choose), and Statuses (Click to choose). There are buttons for 'Reset', 'Hide advanced filter', and 'Search'. Below the filter section, there are '2 results' displayed in a table. The table has columns: Identification number, Date created, Expert, Lead, Financing agencies, Countries, Fee agreed, Status, Documents, Comments, and Actions. The first result is for 'South-Sudan Council, 10000 Lebanon' created on 10/12/2018, with status 'Proposal accepted'. The second result is for 'Redesign Project, Morocco, 10000' created on 07/12/2018, with status 'Proposal accepted'. The second result's 'Comments' column contains a note: 'This contract will run until the final report is provided by the expert and the invoice is paid to him.' The bottom of the table shows 'Per page: 25'.

Identification number	Date created	Expert	Lead	Financing agencies	Countries	Fee agreed	Status	Documents	Comments	Actions
South-Sudan Council, 10000 Lebanon	10/12/2018	South-Sudan Council	10000 Lebanon	EU	Lebanon	10000 Daily rate	Proposal accepted	10000 Lebanon		
Redesign Project, Morocco, 10000	07/12/2018	Redesign Project	10000 Morocco	EU	Morocco	10000 Daily rate	Proposal accepted	No documents	This contract will run until the final report is provided by the expert and the invoice is paid to him.	

Awards

- Store your own awards, for easy use by people in your organization.
- Store awards of partners and competitors, to easily identify them for future projects.

The screenshot displays the 'Awards' section of the tenderwell application. On the left is a dark sidebar with navigation links: Leads, Organizations, Experts, Job board, Proposals, Contracts, Awards (highlighted), Add award, Agenda, Notifications, Emailer, Statistics, Users, and Settings. The main content area has a top header with the tenderwell logo, a 'New' button, notification icons, and a user profile 'Admin'. Below this is a breadcrumb 'Home / Awards' and a '+ Add award' button. A large 'FILTER' section follows, containing various search criteria: Keywords (with a 'Search in' dropdown and 'How to search' link), Assignment location, Sector, Financing agency, Award category, Client, Responsible, Overall project value (with 'to' and 'Currency' dropdowns), Creation date range (with 'dd/MM/yyyy' date pickers), Last update range (with 'dd/MM/yyyy' date pickers), and Languages. At the bottom of the filter section are 'Reset', 'Hide advanced filter', and 'Search' buttons. Below the filters, it shows '1 result' with sorting and display options. A table lists the results with columns: Source, Creation date, Project title, Financing agency, Assignment location, Award category, Sector, Documents, and Actions. The table contains one row with placeholder text like 'No donors', 'No data', 'Services', 'No sector', and 'No documents'. At the bottom left of the table area, it says 'Per page: 25'.

Subject: [10000-2019-05-05-10-05-2019.pdf](#)

Content: Dear {{(recipientTitle)}} {{(recipientName)}},
DevelopmentAid Recruitment Solutions (former EMS) is in the process of identifying experts for the **EU-funded Mission: Mid Term Evaluation Anti-corruption, Rule of Law and Accountability Programme (ARAP), Ghana**.
For this mission we are looking for ****2** Experts**. The intended starting date for this assignment is ****June 2019****. The deadline for submission of applications is {{(10.05.2019)}}.
I would like to ask you to have a look at the attached ToRs and see if you are available and interested in this assignment. In case you are, please send us an **updated CV, expected fee** and your **telephone number** at which you could be easily reached.
In case you are not interested or not available, would you be able to recommend a colleague who might be interested? An indication of an institution where I could find relevant experts might also be of help.
Looking forward to receiving your reply!
Kind regards,
[Mrs. Lutimilla Raso](#)

Integration with DevelopmentAid

Export data from DevelopmentAid* to Tenderwell with just one click. Every entry, complete with all file attachments, will be ready in a matter of seconds!

The image displays two web interfaces side-by-side, illustrating the integration between DevelopmentAid and Tenderwell. A large blue arrow points from the DevelopmentAid interface to the Tenderwell interface, symbolizing the export of data.

DevelopmentAid Interface (Left):

- Header: development aid
- Navigation: Jobs, Experts, Organisations, **Funding**, Donors, News, Membership, Tenderwell
- Left Sidebar: Funding, Tenders, Grants, Publish, Broadcast, Tender Alert, Grant Alert, RSS Feed, Favorites, Personal Folders, Shared Folders
- Main Content: Framework Contract for Copernicus Emergency Management Risk and Recovery (EUROPEAN COMMISSION). Details include Deadline: Jul 10, 2019, Location: Italy, Category: Consulting services, Non-consulting services, Status: Awarded, Sectors: Mapping & Cadastre, Disaster Reduction, Contracting Authority: JRC Ispra, Funding Agency: European Commission, Contracting Authority Type: Development Institution, Type: Organisation & Individual, Budget: Euro 8,000,000, Date posted: Feb 12, 2019.
- Attachments: 2019-OJS_42-en.pdf, 2019-OJS_08-en.pdf, JRCIPR-116_EN.zip, Corrigen_20-en.pdf, Award No...71-en.pdf, Award No...42-en.pdf.
- Associated Awards: There are no awards associated to this funding.

Tenderwell Interface (Right):

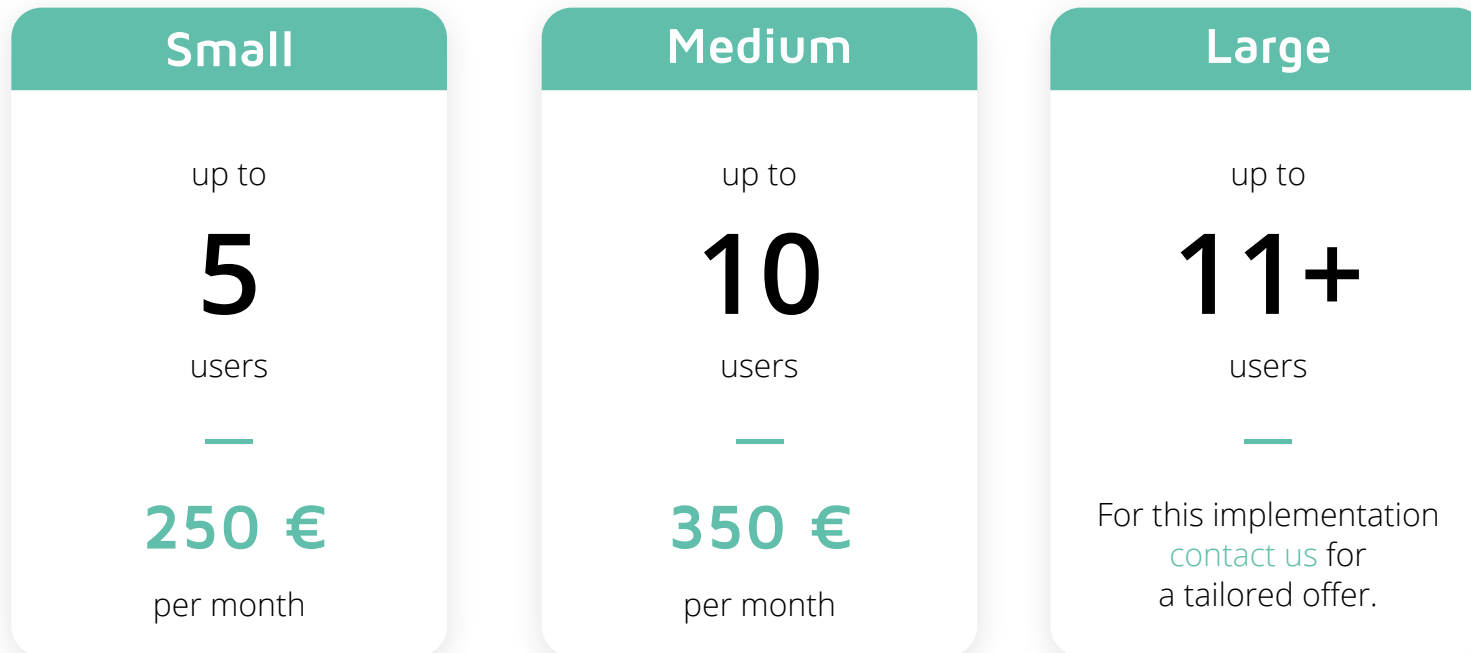

- Header: tenderwell
- Navigation: Home, Lead List, 9808 Uganda
- Left Sidebar: Leads, Add lead, Documents, Unapproved leads, Organisations, Experts, Job board, Proposals, Contracts, Awards, Agenda, Notifications, Emailer, Statistics, Users, Settings
- Main Content: Lead Details for 9808 Uganda. Fields include Last update, Internal title, Status, Lead title, Lead categories, Sectors, Tender links, Countries, Budget, Contract number, Working days, Number of experts, Financing agencies, Internal deadline, Lead deadline, Lot, Lead decision, and Notes.

* A DevelopmentAid membership is required.

Pricing

Subscription

Choose the best plan for your business according to your team size.

If your company has a DevelopmentAid membership, contact us for a special offer.
Please send an email to info@tenderwell.app

Privacy

Tenderwell has been designed with privacy in mind, aligning it with GDPR as well as other international data protection laws. The following privacy related core components are integrated:

- **Consent:**
of the data subjects to be registered in the database.
- **Data portability:**
Ability for registered individuals to download a copy of their personally identifiable information on request.
- **Right to be forgotten:**
Ability to delete one's own personal information and cease further processing based on the right to withdraw his/her consent.
- **Control:**
Ability to manage profile settings including editing or removing personal information such as name and email address.

Security

Tenderwell instances are isolated and hardened on multiple levels, so that a potentially malicious interloper could not influence the confidentiality, availability or integrity of the data of any Tenderwell user.

To do so, we employ the Defense in Depth strategy and continuously improve our Information Security controls.

- We use ISO/IEC 27001:2013, PCI-DSS certified data center for hosting customer Tenderwell instances.
- Your data in is protected with modern cryptography (TLS 1.2, TLS 1.3) and strong cipher suites (AES 128 bit GCM, AES 256 bit GCM, ChaCha20).
- Further enhancements to the technical security controls specific to your Tenderwell instance, such as IP whitelisting, VPN-only access, modification of TLS cipher suites, and more.

Technical specifications

Tenderwell is a web application built using the following technologies:

AngularJS, Laravel, Elasticsearch, PostgreSQL, Redis, Apache Tika, Node.js, Docker

CV submission

Tenderwell can be set to periodically ask experts in the database to update their CVs.

CV submission can be made publicly available on the front-end (e.g. at “jobs.yourcompany.com”), even if you restrict access to Tenderwell to your office only.

Hosting

Tenderwell is offered as separate web-based instances available to clients in isolated Docker containers hosted on secure servers.

Email functionality

To use email functionality Tenderwell can connect to Mailgun, Mandrill, Amazon SES, or be configured to use an SMTP server, like any email application.

Access

Tenderwell can be left reachable from any IP address, or only from specific IPs or VPNs (for example your office’s network)

Back-ups

A daily snap-shot is made of all data, allowing for data-recovery at minimum data-loss. Copies of the last 7 days are kept on file.
